County Area Faces Loss Of Ambulances

Public officials in Roscommon, Crawford and Ogemaw counties are faced with the prospect of providing emergency ambulance service by the end of the summer season.

Federal directors in six places the four county area have given notice that they desire to be relieved of making emergency ambulance runs by September 1 or earlier.

This decision became known following a meeting which the four directors held a couple of weeks ago. They are reported to have in letters to responsible officials their respective service areas. One of these letters is understood to have been directed to the Crawford County Board of Supervisors. A letter is expected to be brought before the board at its June meeting.

Communities in which the four directors are located were listed as: Rose City, West Branch, Roscommon, Houghton Lake, Gaylord and Grayling.

Among reasons mentioned for the decision are: a shortage of help, loss of operations, damaging relations resulting from inability at times to reach an emergency scene soon enough to the general public, criticism of not administering oxygen when qualified personnel are not always available.

Blaze Destroys Over 200 Acres in Lovells Area

A fire of unknown origin, thought to have started from a discarded cigarette, was sighted at 2:03 p. m. Thursday in Section 12 of T 28-1 by conservation fire personnel. The blaze traveled east for two miles, jumped the blacktop in the Big Creek area where it was finally brought under control at 6:25 p. m. Crews were sent out all night Thursday as well as all day Friday and Saturday to put out hot spots within and along the edges of the burn to keep it from springing up again.

Units from Gaylord, Atlanta, Roscommon, Mio and Grayling, as well as from the Grayling and Frederic fire departments were used, operating 17 pieces of equipment including tractor-pumps, pumps, tankers and bulldozers, a pumpjack from Camp Grayling, the fire engine from the Fire Forest Experiment Station at Roscommon, and tankers from the Crawford County Road Commission and the Fish Hatchery. Crews from Camp Leelanau Corrections Camp as well as volunteer labor amounting to around 40 men altogether aided in fighting the fire.

A total of 223.5 acres in private and State lands was consumed in this fire, mostly jackpine timberland.

In the course of handling the fire Fire Officer Kenneth Haines of Roscommon was surrounded by the fire and lay down in one of the furrows. He had plowed. He suffered first, second and third degree burns and was taken to Mercy Hospital in Grayling where he is still in serious condition but not critical.

A fire on McMaster Bridge resulted when a tree fell across power lines Saturday but was put out by people in the area who continued to watch over it until Forest Service people arrived.

School Elections Monday, June 13

The regular annual elections for the purpose of selecting trustees for the Grayling School and Frederic School Districts will be held Monday, June 13.

In Frederic the polls will be located in the high school gym. Five board members are to be elected with three candidates officially seeking the posts, Herald Riggs, Dianne Phillips and Richard Sajak. While the name of Charles Tannis will appear on the ballot he is no longer a candidate.

In Grayling the polls will also be in the gymnasium. Four candidates are running for two posts. They are Patricia Fowler, James Kolka, Marilyn Longworth and Gerald Burns.

At the same election seven members are to be elected to the first permanent board for the COOR (four county) Intermediate District, three for six year terms and two each for four and two year terms. James H. Whitaker, John Byellch and Cameron Sutton have filed for the six year terms, Virgil McClintic, Eugene DeMatio and Norval Stephan for the four year terms and Ernest Thompson, Beatrice Hill, James Rutledge and Alice Sohn for the two year terms.

The school election law governs four county intermediate districts states at least one person from each county shall be elected to the board.

Sutton of Ogemaw County, Byellch of Oscoda County and Whitaker of Roscommon County are assured of election as they are the only three persons seeking the three posts for the six year terms, according to Basil Godbold COOR superintendent.

Crawford County is also assured of representation on the board as Stephan is the only candidate from the county. The other four year term will go to DeMatio of Ogemaw County or McClintic of Roscommon County, which ever one receives the most votes.

Gen Phone Seeks To Cure Ill Of Summer Service

General Telephone Company is planning on attacking the usual summer rash of full telephone circuits in the Grayling area this summer. Al Murphy, district chief of the company told the Avalanche late last week.

An emergency central office housed in a house trailer has been moved in next to the company's building on Cedar Street in Grayling. All pay stations at Camp Grayling and at the Grayling McNamara Air Base, fourteen in all, will be channeled through this emergency office which will have a maximum of four operators working in it.

This will pull the military calls off from the local dial train and the Roscommon board making it much easier to make local calls as well as long distance telephone calls. It is the company's hope that this arrangement will give much improved telephone service to the Grayling area during the Guard encampments while at the same time giving the military full use of service when needed. The emergency central office will operate from noon until midnight and later if traffic demands.

By next year, Mr. Murphy said, direct dialing should be in operation in the area which will solve such problems as Grayling has had in the past during the time that large numbers of troops are at Camp Grayling and the Air Base.

Race Association Seeks To Save Canoe Marathon

At a meeting at the East Michigan Tourist Association's Log Office in Bay City last Saturday, members of the Michigan Canoe Marathon Race Association mulled over ways to possibly save the Ausable River Canoe Marathon.

One of the principal points was discussion of the possibility of forming a private, non-profit corporation to run the marathons.

This meeting resulted from two recent announcements. First, the Consumers Power Co., which has provided the bulk (\$3,000) of the funds to support the annual 240 mile race down the Ausable from Grayling to Oscoda, withdrew its support.

Close after this announcement, Grayling, Mio and Oscoda declared they were no longer interested in sponsoring the race.

When the CPC started the fund, an association spokesman explained, there was a proviso that some form of support would be worked out by the affected towns within the four years which ended in 1965.

The members also considered moving the race to either the Manistee or Grand Rivers. A Manistee race would start at about the same location near Grayling as the present Ausable race.

The Grand River route would start near Jackson and continue out to Lake Michigan. Both these routes would also be about 240 miles long, and both are reputedly tougher courses.

Another possibility of starting an Ausable race near Roscommon, which has shown interest in the matter, was discussed. Possible starting date here would be Sept. 17. This route would go down the south branch of the Ausable to the main stream, and then on to Oscoda.

Letters To The Editor

This poem was found in the booklet placed in the pamphlet rack at Bear Archery for the employees. The name of the booklet is "The Story of Our Flag". It was printed by the National Research Bureau, of Chicago. I would like to submit it to be printed for the anniversary of our flag's birthday, June 14th.

Gerakline Muth, Past 10th District President of The American Legion Aux., Department of Michigan

I am your flag. I was born on June 14th, 1777. I am more than just cloth shaped into a design.

I am the refuge of the World's oppressed people.

I am the silent sentinel of freedom. I am the emblem of the greatest sovereign nation on earth.

I am the inspiration for which American patriots gave their lives and fortunes.

I have led your son's into battle from Valley Forge to the bloody ridges of Korea.

I walk in silence with each of your honored dead, to their final resting place beneath the silent white crosses, row upon row.

I have flown through peace and war, strife and prosperity, and amidst it all I have been respected.

My red stripes... symbolize the blood spilled in defense of this glorious Nation.

My white stripes... signify the burning tears shed by Americans who lost their sons.

My blue field... is indicative of God's Heaven under which I fly.

My stars... clustered together, unify 50 States as one, for God and Country.

"Old Glory" is my nickname, and proudly I wave on high.

Honor me, respect me, defend me with your lives and your fortunes.

Never let my enemies tear me down from my lofty position, lest I never return.

Keep alight the fires of patriotism, strive earnestly for the spirit of democracy.

Worship Eternal God and keep his Commandments, and I shall remain the bulwark of peace and freedom for all mankind.

Attend The Church Of Your Choice

Who doesn't dream, sometimes? Who doesn't stand gazing into the future, picturing that new house, that graduation day, that wedding ceremony, that deluxe-model car... the thousand and one dreams that man holds in his heart?

We realize that a worthwhile life must contain more than just material satisfactions. Without a confident frame of mind, our future will be nothing but tension and uncertainty. Where can we find this inner feeling of courage that will make things easier for us every hour of every day?

Millions of people find it in the Christian faith. The apostle Paul said that he was strengthened in everything he did by faith in Christ... and this truth is constantly being rediscovered by men and women urgently in need of something they can trust.

Faith is the key to peace of mind. With faith, you will be able to move mountains of frustration.

Who Knows Best?

Elsewhere in this edition you will find a word for word letter from State Highway Director Howard E. Hill in regards to the proposed I-75 interchange in Sawyer Creek Township.

All material presented to the Department, for the lifting of the interchange from an area where there is of a single convenience for the motorists to an area which can serve him with service for his car, motel service, restaurant facilities, winter sports facilities and access to the large General Telephone installation, are summarily dismissed.

Mr. Hill states that the Department can not be held responsible for the future economic life of the area but feels that the Department can be the judge and jury in this decision which without question can change the economic picture in that part of our county.

He points out that the motorists tax dollar can not be spent unless it is completely justified. It appears to us that is just what is being done. To construct an interchange with no service to the traveling public when all of these services are now available nearer the proposed interchange just doesn't seem to make sense to us. R. W. S.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE
FILES OF THE AVALANCHE OF 23 YEARS AGO

June 10, 1943

June 17th has been designated for a practice blackout in Crawford County. Included in this are all counties of the northern half of the lower peninsula. An experiment conducted at the time of the May 26 blackout in reducing sky-glow during the Blue periods by extinguishing street lights while permitting essential home and business lights to burn was so successful that procedure will be followed in the three June-blackouts, Capt. Leonard said. "I'm glad that we proved that we can reduce sky-glow to the point where it would be of no value to raiding planes by the comparatively simple method of turning out street lights," he commented. "That justifies us in permitting essential home and business lights to burn, which will reduce public inconvenience to a minimum."

The new method of speeding up mail deliveries, through addition of a branch post office number to the address on mail for delivery in large cities is being placed in operation rapidly. Reports from many cities indicate that it has been received enthusiastically by the press, postmasters, business concerns and the public. By June 1 it is expected that practically all whose addresses are affected will have been notified of their postal numbers. The new system speeds up the separation of mail to branch offices and permits much more rapid handling of mail by inexperienced postal clerks, thousands of whom have been employed to replace personnel who have gone into the armed forces and into war industry.

The precise opposite of the good Samaritan has been found in Barry County state game area, and it was one of the wettest of many wet days that H. D. McGinley, manager of the conservation department's Grand Rapids game district, found himself there. In the low pocket in a dirt road about eight miles west of here McGinley's automobile became mired. For four hours, while McGinley sweated and struggled with the car, a silent, attentive stranger watched him from the bank, never lending a hand. When the vehicle at last was freed and on firm ground again, the stranger stepped forward and demanded \$5 for "damage to his land." Speaking patiently as the circumstances would allow, McGinley explained that a township road is a public place where anyone can get stuck free, no matter who the neighbors are. BRIDAL SHOWER HELD

Miss Donna Fenton was the guest at a bridal shower given in her honor on June 4th by Mrs. Rod Powers, Carol Fenton and Mrs. Lary Gust at the home of the latter.

Twenty guests enjoyed the evening playing games and after the bride-elect opened her many lovely gifts a buffet lunch was served. Donna will become the bride of Roy Wedge Jr., on June 18th.

HONORED WITH BRIDAL SHOWERS

Miss Priscilla Pettengill was the guest of honor at recent miscellaneous bridal showers, one given Friday by Mrs. Frank Bond at her home and one earlier in May by Mrs. Leonard Knibbs at her home. At the Knibbs home the twenty-five guests were given a luncheon cloth and tea towels to them, which proved a most enjoyable accompaniment to the evening's visiting. The cloth was later photographed and inscribed with many sage items of advice. Gifts were displayed on a table centered by a tiny umbrella tree. Mrs. Paul Juntilla assisted her sister in opening her many attractive presents, after which a dessert luncheon was served.

Games were enjoyed by the ladies attending the shower given by Mrs. Bond. The prizes won were turned over to the bride-elect, and Mrs. Juntilla again assisted in the gift opening. A dainty dessert was served to conclude the affair.

Attending from out of town were Priscilla's grandmother, Mrs. Joel Allen, her aunt Mrs. M. C. Spalding, her cousin Mrs. R. M. Spalding, and her sister-in-law, Mrs. Dale Allen Pettengill, all of Perry. Mrs. Allen was also here for the shower given by Mrs. Knibbs.

CLAIR MELROY

They say every man wants eventually to run his own business. Certainly I always have. So when my chance came, I jumped. That's how come I now run my own Standard Oil Service Station.

The business is hardly new to me. I've worked at service stations since my high school days. I like cars. I like people. I figure I'll make out at my station if I keep both my customers and their vehicles purring. That's my plan, anyway.

Along with the skills I've acquired through the years, I've got two things going for me—the men who work for me are good at their jobs, and the products I sell are the best.

Let me prove it to you. Drive in soon and say hello. "You expect more from Standard and you get it." I'm here to see that you do.

LETTERS TO THE EDITOR

Editor's Note—This letter, a copy of which was forwarded to John Horton, Crawford County Chairman of the Democratic Party, is reproduced at Mr. Horton's request. He states that he does not agree with Howard E. Hill, State Highway Director, in any of the conclusions drawn in this letter. (See editorial).

 Mr. Jon F. DeWitt

 Grand Rapids 2, Michigan
 Dear Mr. DeWitt:

Crawford - Roscommon Community Proposal for Interchange, I-75 - Skyline Road

On May 13, 1966, Representative Tisdale, yourself, and several of your associates, appeared before the Highway Commission in formal session and presented economic data supporting your request for interchange facilities between the new I-75 and Skyline Road in Crawford County.

In addition to the verbal presentation, you also presented each Commissioner with a brochure containing the same material.

At the completion of your presentation, Chairman Ferguson referred you directly to me for further action on this matter. You were advised that a very careful word by word review would be made of the material included in the brochure and that this would be done by qualified personnel in our engineering organization.

I wish to advise that the review of your material has now been made and I, personally, was in on much of the review. Part 3 of the brochure lists your justifying reasons for said interchange. In our very careful analysis, this compilation of economic data still does not justify the requested construction. The inclusion of the recent construction by the General Telephone Company was not new, and by itself, does not indicate a potential of great moment.

Your statements regarding the diminishing tax base and the shifting of the resulting tax burden to individual property owners if this interchange is not constructed, is not sufficient justification. However, by such inference, you

definitely place the responsibility for the future development of this area on the Highway Commission. The Highway Commission cannot be held responsible for the future of the economic life of the area. If sufficient justification could be developed that would stand the test of time and be compatible with existing Federal and State thinking in such matters, the Commission would, in their good judgment, approve such a plan.

The sufficiency of the submitted justification is a determining factor, but the degree of sufficiency must be determined by those responsible for its analysis, not by those submitting it for analysis.

The economic life of the area is a matter relative and pertinent to the small part of the land in the area yet remaining in private ownership.

As told you many times in our past discussions, the motorists' tax dollar should not be spent unless completely and thoroughly justified by required services to already constructed traffic generators and to the motorist public.

The capacity we build into a facility takes into account the potential of an already existing development, but we cannot construct something on the hope and promise that an area development will be made in the future, and use that as a justification for today's construction.

Your submitted material goes into some detail on the spacing of interchanges and certain geometrics of the interchange itself. These matters have no point in our discussion at this time. The fact you are trying to convince us of, is the economic reason for the interchange. The material you submitted is, to a great extent, the same material presented in our other discussions.

We cannot, in good judgment, consider your submitted material as sufficient justification for construction of this interchange, and it is the decision of the State Highway Commission that we still continue our design work on the plan as we have proposed it.

Sincerely,
 HOWARD E. HILL
 State Highway Director

Guest: Bernard Fowler, Grayling Township Supervisor.
Also Present: Earl "Chum" Longworth.
Meeting called to order at 12:10 p. m. by President Sal Truettner.
There was no treasurer's report because of the absence of Treasurer Billie Forbes. However a list of bills was presented for approval of payment. Motion by John Latuszek, second by Bill Kraus, that these bills be paid. All Ayes.
New Member: The application of Charles A. Strand for membership into the Grayling Regional Chamber of Commerce was presented by Manager Longworth. Motion by Chuck Kroll, second by Bill Kraus, that his application be approved. All Ayes.

Mail: A letter from Daryl Sebastian, Assistant General Manager of Fetzter Television, was read by Chum Longworth in which he congratulated the Chamber and its committee on the Appreciation Day for Dr. Henig.
Sports Car Race: Manager Longworth reported on this highly successful weekend. Attendance was good, and Mr. Will Henderson of the Sports Car Club of America said he was hopeful that another National Race would be held next spring.

Canoe Race Meeting: Manager Longworth informed the Board of a meeting with representatives of Mio, Oscoda, and Grayling held in the Chamber office May 19th. The representative from Oscoda informed the group that even with a considerable contribution from Michigan Consolidated Gas that approximately \$3,000.00 would have to be raised for a Canoe Race. The Grayling budget for the race had been set at \$350.00 at the start of our fiscal year. For the substantial increase that would be needed, the Chamber was unwilling to attempt to go out and subscribe for the amount. Also, because of Mio and Oscoda, it would be necessary to start the race at 3:00 a. m. from Grayling. Because of finances and the time, it was decided to drop the annual canoe race this year.

Grayling Festival Days: Chum Longworth reported on the meeting with Grayling merchants held May 25 in the Chamber office. Another meeting is scheduled for May 27. The dates of the Festival Days will be June 30 and July 1. Details are being worked out by Mr. Jack Alef, Mrs. Ray Elsey, and Mr. Longworth.

National Guard Band Concerts: Affirmative answers have been received from the Michigan, Ohio, and Indiana National Guard units to hold these concerts this summer for the enjoyment of residents and visitors to our area.

Enlisted Men's Luncheons: Chuck Kroll volunteered to Chairman this activity with the assistance of his wife, Julia.

Mr. Bernard Fowler, Chairman of the County Board of Supervisors, appeared before the Board as a guest. Mr. Fowler discussed some difficulties that had happened at the Airport during the National Races, and the Board advised him that every precaution would be taken on future races to alleviate the problem.

Mr. Fowler also told the Board of his, Mr. Bud Hunter, Mr. John Horton, and Chum Longworth's trip to Lansing where an effort was made to stop the House Bill 2613. This Bill would likely have changed the quality fishing sections on the AuSable and its tributaries. He was happy to report this bill was referred back to committee with no action taken and killed. Groundwork was also laid on this junket that will perhaps bear fruit for Crawford County in the year ahead.

The Board also discussed with Mr. Fowler other matters pertaining to Grayling Township.

Motion by Chuck Kroll, seconded by John Latuszek, that this meeting be adjourned at 1:15 p. m.

Next meeting to be held June 9, 1966.

If this is your idea of air conditioning,
you're getting warm.

This sort of thing is about as cooling as an August stroll across the Sahara. But it's easy to enjoy the whole-house comfort of gas central air conditioning this summer. In fact, if you have forced-air heat you're halfway there already. Install a gas central air conditioning unit and use your existing furnace ducts. Your gas system will cost you half the operating expense you'd pay with an electric system. Enjoy cool, clean, dehumidified, pollen-free air in every room this summer. Take five years to pay for installation and get a lower rate all summer on all the gas you use (a special deal for gas air conditioning customers). Call the gas company today. You're getting warm.
